5C Great Central Way
Woodford Halse, Daventry
Northants NN11 3PZ
Tel: 01327 264687 Fax: 01327 264686

Welcome to the latest issue of the Sold Secure Approved Products List.

Sold Secure provides test and assessment services of effective security products to commercial customers, the insurance industry, the Home Office, the Police and the public.

Sold Secure is a non-profit making company dedicated to reducing the risk of theft by the assessment of security products. Sold Secure was established in 1992 by Northumbria and Essex Police with the help and backing of the Home Office. It is now administered by the Master Locksmiths Association.

The scheme has close ties with a number of constabularies and insurers who provide regular information regarding the methods of theft and the tools utilised by criminals in their area. This helps to maintain an up to date specification and means security products can be assessed in the light of the risk they are likely to encounter when in use.

Manufacturers and suppliers can apply to have their products approved by Sold Secure. Products which have been satisfactorily assessed may bear the Sold Secure Quality Mark. Information on these approved products is circulated by Sold Secure to crime prevention officers, insurance companies, the media, the Home Office and the public, and is available free to those who require it.

This list gives the reader an insight into the more effective security products, it does not give any form of guarantee that these products will be 100% effective in combating crime. Also, It does not guarantee that these methods are suitable for specific applications. It is the responsibility of the equipment supplier and equipment purchaser to ensure that any system is suitable to its particular application and that it complies with all legislation, standards, codes of practice or any other requirement.

Every effort has been made to ensure the contents of this list are accurate, however Sold Secure does not accept any responsibility for loss arising from decisions based upon it.

For updates to this list see our web site at **www.soldsecure.com**
